

.....**MAKING A CHANGE**.....

Peace-Warfare-Healthcare-Voting

Whatever changes we want to make, we have to have VOTING REFORM to make lasting progress.

After six years of research by scientists, engineers aviation professionals, researchers, authors, architects historians and PhDs, the **9/11 TRUTH MOVEMENT** has a different conclusion about the attacks on 9/11/2001.

We believe that the events of 9/11 are better defined as “**false flag operations**” which are pre-known, or pre-planned attacks against our country that are FALSELY blamed on our enemies causing US citizens to rally for an unwanted WAR...some good examples:

...**Spanish American War**...US blew up the USS Maine...
...**Pearl Harbor**...FDR knew the attack was forthcoming...
...**Vietnam**.....Gulf of Tonkin incident never happened...

Most people acknowledge that if 9/11 had not happened we would not have started the Afghani nor Iraqi WARS.

Once the truths behind the events of 9/11/2001 are understood, it becomes clear that **rampant militarism** and political **corporatocracy** are well out of control and thus prevent the USA from having a national **healthcare** program and other social programs for the betterment of US citizens, and that the way we got here is through:
FLAWED, ILLEGAL and CORRUPTED VOTING!
